

# Kilve Coronavirus Help and Information

18th March 2020

Elizabeth and I had a meeting with Daniel Moncrieff, the manager of Kilve Court this morning, he wishes to help the village in whatever way he can.

These were some of his suggestions:

- The field at the top of the permissive footpath can be used as a recreation area. This could be ideal especially for those families with children, somewhere for them to safely burn off some excess energy. There is plenty of space so people are not too close to each other and there is no equipment to hold germs. Please bring your own balls etc.
- Please do not leave any dog poo! This is a play area.
- If families wish to use the maze, please contact Daniel and he will book you an hour's slot to ensure you are not sharing the maze and in close contact with others.
- There are a lot of young members of staff who live on the Kilve Court site, Daniel suggested that they could be asked to deliver food from The Hood or from the shop. They also have vehicles that could be used.
- He is willing to photocopy any leaflets, order forms etc so that a leaflet drop can be made throughout the village.

We also decided at Daniel's suggestion, to set up a village WhatsApp group. This will enable us to distribute information quickly and easily. (Still working this one out!)

Daniel's contact number is 07919540250.
